

A new solution to an age-old female problem

The Whiz is a little device that can make a big difference to your lifestyle and dignity. Basically it lets women pee wherever a man could - standing or sitting - just hold it against the body and let nature and gravity do the rest.

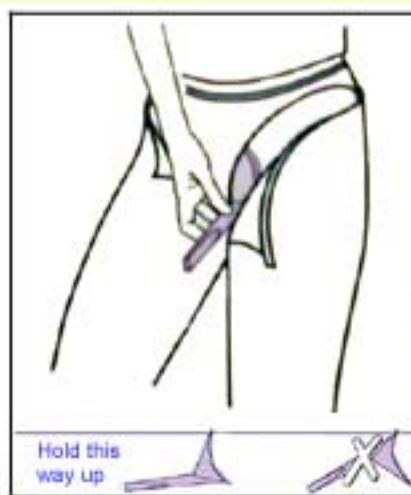

The eco-friendly device is reusable, yet totally clean - as it's made out of medical grade, antibacterial plastic and is machine washable.

Your hygiene, comfort and independence is our number one priority, that's why we made the Whiz. Not only is it perfect for the outdoors, driving, travelling and public toilets, but also it returns independence and dignity to women with restricted mobility, continence problems, physical disabilities, women who suffer back, knee or hip pain, as well as the infirm and elderly. What's more there is no more need for nappies, bedpans, commodes or human help in getting to the loo.

Benefits

- No need to undress.
- Hygienic and antibacterial
- Small and discreet
- Designed not to flowback, splash or spill
- Eco-friendly and reusable
- Returns your independence and dignity
- Used by women all over the world
- Comfortable, soft and flexible
- Easily fits into a small bag
- Can be used standing or sitting
- Shape clinically tested on 1400 women
- Connector tube lets you pee into a bottle

The Whiz is for you

The Whiz can be used by any woman in any situation you can think of, but it is perfect for women with arthritis, back pain, low bladder control, knee and hip problems, pregnant women, women with mobility problems and others who are chair or bed bound.

"At my age, I often find myself in difficult circumstances, but with the Whiz I have been saved from many embarrassing situations, especially when I am out and about."

- Pat P, Devon

"I've tried the Whiz out and am amazed at how well it works."

Thankfully I will know I will be able to cope with any situation. Thankyou for solving a very difficult problem."

- Gillian M, Aberdeen

"Wow, wow, wow - what a product! I've been waiting for this all my life."

Finally an invention that advances feminine hygiene at a stroke"

- Shelly G, Birmingham

Innovative. Convenient. For women.

Whiz Products

The Whiz

Made from antibacterial plastic the standard Whiz is machine washable. It can be used anywhere but is perfect for use indoors or somewhere you can wash it.
